ART FOR CULTURAL INCLUSION

Tuesday November 22nd, 12pm – 7pm • UMass Boston Campus Center

This innovative symposium will showcase the work of Arts Connect International artists, as well as some of the talent of the UMass Boston community—including Asian American Studies and the College of Liberal Arts—all showcased through the lens of inclusion. All of ACI's Artist Leaders work as change agents nationally and internationally through their art form. This one-day symposium will feature important dialogues and different artistic workshops, all provided by a myriad of local arts leaders. The goal is to catalyze conversations on inclusion and address the cultural equity gap in our Boston community and beyond, by promoting cross-sector and multi-disciplinary approaches to building and supporting inclusive communities.

Artwork will be available for both viewing and purchase. Light refreshments will be served.
